About the Tribute Fund

Got friends with birthdays who already have everything? Give 'em a piece of the Gallery.... So began the announcement of MAG's new Tribute Fund in the September 1975 *Gallery Notes*.

More than a quarter-century later, the idea is an unqualified success. In the last decade alone, gifts to the fund have totaled more than \$180,000. And donors do indeed give "a piece of the Gallery." Undesignated gifts are used for art acquisitions.
