WEEK 1 (JUNE 26 TO JUNE 30)
Drawing Yourself in Nature
Lindsay Caruthers
This fun class includes a lot of drawing, painting and printmaking as we explore our connections to nature. Working with natural materials like plants, bones, stones and growing things, we rediscover science through art, and art through the science of looking. Kids will make individual and group projects as they learn more about painting, drawing, printmaking and collage.

Off the Wall
Warren Mianecke
In this creative class we’ll create paintings that literally jump out of their frames. Expect to see and make a lot of good art this week, as we make pictures that are sculptures and sculptures that hang on the wall.

WEEK 2 (JULY 10 TO JULY 14)
Fun with Fibers
Mimi Smith
Explore the fascinating world of fibers! Discover how cloth is made by working with simple weaving equipment to make your own small pillow or fiber jewelry or unique placemat or wall hanging. We will experiment with making our own felt for unique placemat or wall hanging. We will also look for surreal and abstract visions of the world in the Gallery and in the work of artists throughout history.

The Artist’s Crayon is a Pastel...
Shelly Patterson
Most artists (like Leonardo da Vinci or Vincent van Gogh or Georgia O’Keeffe or...you!) start with drawing. The focus in this class is improving our drawing skills as we learn more about the great artists of the past and experiment with dry materials like pencil, charcoal and colorful pastels.

WEEK 3 (JULY 24 TO JULY 28)
Not Your Average Paintings!
Lisa Myers
Explore painting on a wild variety of surfaces and with all sorts of materials. We’ll learn more about brushes and colors, paint in a bunch of different ways and have plenty of good messy fun.

Drawing Ideas
In and Out of the Gallery
Gina Zanolli
Become a sketch-hunter, drawing and painting your own impressions and ideas based on the things you see in the Gallery collection and everywhere else. You’ll get better at drawing people, better at drawing quickly and accurately, and better at drawing things you are scared to try drawing. Fill a sketchbook and make some great art as you learn every artist’s secret for avoiding boredom: be busy looking and drawing!

WEEK 4 (AUGUST 7 TO AUGUST 11)
Paint Explorers
Izabella Weidman
Join an expedition into unknown areas of color and dimension. We’ll experiment with mixing paints to create new planets, unusual animals and strange things. We’ll also look for surreal and abstract visions of the world in the Gallery and in the work of artists throughout history.

Puppets
Paulette Davis
Create your own amazing characters as you learn traditional as well as cool new puppet making techniques (including hand, found object and jointed puppets). You’ll come away with a new friend that you (literally) made yourself. This class concludes with a creative performance.

WEEK 5 (AUGUST 14 TO AUGUST 18)
Inspired Creations: Biennial Fun
Lyn Parsons
This class includes lots of idea-gathering trips into the Gallery to see art in the Rochester Biennial (an exciting exhibition of contemporary regional artists). Projects will include painting, printmaking, and sculpture and will encourage you to make art in a new way. Yes, and have fun!
