EXHIBITION

Meleko Mokgosi: Pax Kaffraria

February 19–May 7, 2017

Meleko Mokgosi, a contemporary painter from Botswana now living in NYC, has received international attention for beautifully rendered, mural-sized narratives that explore southern African politics, history, culture, and the complexity of the post-colonial experience. *Pax Kaffraria*, the artist's most ambitious project to date, is in the words of MAG director Jonathan Binstock, “an allegory about allegories; it is a story of history's afterlife.”
