

# Mixed Media Supply List

[taught by Alice Gold]

This class will allow you to make artworks using your choice of materials, with personalized guidance and instruction by artist teachers known for their mastery of collage and creative use of materials. Your artwork will be your very own—whether you are just starting to make art or are compelled to change your methods and results.

**Please note: You do not need everything on the list below. All materials will be discussed the first class.**

We recommend you bring any of the following materials **you already have** to the first session of your class. **You will only need paper and pencil for the first class.**

If you do not have materials for the first class, please do not fret, we will have some of these to experiment with so that you can buy only what you will use for subsequent classes.
