## PUZZLE CHALLENGE!

### *A Moveable Mirror Mosaic*

Iranian artist Monir Shahroudy Farmanfarmaian's *Convertible Series, Group 10* looks like four giant puzzle pieces. Each is a mosaic, made up of tiny pieces of mirror and colored glass (detail on the right).

The artist gave MAG five different ways to display this artwork. Below are four of them. **Here's the challenge: Can you come up with the fifth design? Do you see more ways to move the pieces around?** Cut out the four sections on the next page and see how many possible combinations you can discover.
