This class will help you create your own drawn cartoon or superhero and develop a series of storyboard panels and mini-comics. Instruction includes the how (using dialog, lettering, and details) and why (drawing inspiration from our favorite animations and artwork in the museum). Great for kids who love to draw, enjoy being silly, and want to learn to put those elements together.

The museum, grounds, and our wild imaginations will serve as inspiration as we look at the world around us to create our own art.
